

UNITED STATES DISTRICT COURT SOUTHERN DISTRICT OF NEW YORK

DATE:	February 8, 2002
POSITION:	PROGRAMMER/ANALYST
LOCATION:	500 Pearl Street New York, New York
CLASS/LEVEL:	CL-28
SALARY:	\$46,036 to \$74,866 Depending on Qualifications and Experience
CLOSING DATE:	Open Until Filled
VACANCY NO.:	02-06

THE UNITED STATES COURT IS AN EQUAL OPPORTUNITY EMPLOYER AND ENCOURAGES QUALIFIED MINORITY APPLICANTS TO APPLY

DUTIES AND RESPONSIBILITIES: The Programmer/Analyst is assigned to the Computer Systems Department and is responsible for the design, development and maintenance of custom application software in use at the court. Duties include: requirements analysis; design, development and maintenance of Java replacements for legacy applications; interfacing those applications with current and future database systems; writing application and end user documentation. The incumbent is expected to remain current with ongoing developments in the Java language and may be required learn other programming languages and tools from time to time for the completion of a particular project (e.g. PERL, Lotuscript, Korn shell) through a combination of paid continuing education courses and self study.

REQUIRED QUALIFICATIONS: The minimum qualification for this position is high school graduation, or equivalent, and three years of general experience as defined below. Three years of specialized experience, as defined below, will qualify for higher classification levels and salary ranges. **Mandatory minimum requirements for consideration for this position are a bachelor's degree; sound knowledge of the Java programming language (e.g. Servlets, Applets, RMI, Swing, JDBC, Threads); working knowledge of any Java IDE (e.g. Forte, JBuilder) and associated source code control (e.g. VCS, CVS); and project maintenance (e.g. ant, make) software. Some knowledge of the Tomcat web server, Lotus Notes API and XML is desirable.**

GENERAL EXPERIENCE: Progressively responsible experience that provides evidence that the applicant has 1) a good understanding of the methods and administrative machinery for accomplishing the work of an organization; 2) the ability to analyze problems and assess the practical implications of alternate solutions; 3) the ability to communicate with others, orally and in writing; and 4) the capacity to employ the knowledge, skills and abilities in the resolution of problems.

SPECIALIZED EXPERIENCE: Progressively responsible experience related to the technical aspects of data processing, office automation, and data communications and their applications, terminology, and methodology, including the accomplishment of computer project assignments that involved systems analysis, design, implementation, integration, and management.

EDUCATIONAL SUBSTITUTION: Education above the high school level in an accredited institution may be substituted for general experience on the basis of one academic year (30 semester or 45 quarter hours) equals nine months of experience. Completion of the requirements for a bachelor's degree, with high academic standing, or the completion of one academic year (30 semester or 45 quarter hours) of graduate study in a field related to the position may be substituted for one year of specialized experience. Completion of a Master's Degree in a field related to the position may be substituted for two years of specialized experience.

APPLICATION PROCEDURE: To be considered for this position please submit a resume detailing your education and work experience and salary history, and a cover letter. The cover letter should indicate the position that you are applying for, and the relevance of one's experiences and qualifications for the position. **Resumes without the cover letter addressing the qualifications will not be considered.**

PLEASE SUBMIT YOUR RESUME AND COVER LETTER TO:
